MEMORANDUM FOR: Director of Central Intelligence

FROM:

Director, Office of External Affairs

STAT

SUBJECT: Publication of Unclassified Analysis

1. Action Requested: Sign the attached letter to Gustav F. Papanek, Boston University, President of the Association for Comparative Economic Studies.

2. Background: Pananek wrote you on 5 February 1982 to ask that you resume release of unclassified CIA analysis to the public. (Tab A) The attached proposed response is consistent with your 20 January 1982 letter to Messrs. Becker and Horelick at the Rand Corporation, and a more recent letter Bob Gates sent to Dr. Grossman of the University of California on the same subject. (Tab B) It has been adjusted to avoid the look of a form letter, however, since it is likely that these people exchange letters with each other.

3. Recommendation: Sign the attached letter.
